To whom it may concern,

I'm writing this letter of recommendation for Mr. Dave Harvey. As Assistant Principal of ISG Jubail, I was in direct supervision of Dave during his time teaching here. I was placed with the responsibility of evaluating Dave's performance and reporting directly to the district Superintendent.

Dave is a dedicated professional with a vast amount of experience in various settings school wide. Dave preformed exceptionally as a teacher while at ISG Jubail. He was placed with the responsibility of teaching Lower school PE and EAL throughout the school year 2009/10 – 10/11. Dave's unwavering commitment to children, education and teaching is commendable and inspiring. Dave truly enjoys teaching and the students under his care respond to his genuine enthusiasm. Dave is one of the most flexible and teachers I have had the pleasure of working with. He can step up to the task under the most challenging of circumstances and perform admirably. Dave is a firm believer of organization and records; both necessary attributes to enabling success in the classroom.

Dave gave an exceptional amount of excess time and energy to the school in myriad ways. Dave was able to continue the Jubail legacy of the upper school rock band. While working with the students, it was clear that Dave cared much more about just performing well. He genuinely cares about the social and emotional well being and education of each student. He worked closely with the students so they were able to develop their skills to a level that the school could be proud of. Dave generated a type of contagious enthusiasm behind the band which contributed to the enhancement of positive energy that was infused into the culture of the school.

An integral aspect of our licensing and credibility is our Accreditation with Middle States association. Dave played a vital role as a member of our Planning Team I was charged with facilitating as Internal Coordinator. I was able to sit in countless hours of meetings with Dave throughout our re-accreditation process. Dave is a linear, clear thinker who is able to articulate his thoughts respectfully. Dave is a firm believer in a process oriented school. He has a clear understanding of what is needed to ensure equity and has a view for collaboration that is pragmatic and focused. These characteristics he was able to bring to our Accreditation process were highly valued.

Dave and his wife Charlotte's departure from ISG Jubail was a detriment to our school. It is without hesitation and reservation that I would recommend Dave Harvey into the institution you represent. His character and commitment to students and education will undoubtedly serve you school and your community well.

Further comment or clarification on Dave Harvey and his time with us can be sought through the contact information provided below.

Warm regards,
